

## Immozyme™ lipase Kit 2012

ChiralVision's Immozyme lipase kit contains 18 immobilized enzymes, ideal for resolutions under aqueous, biphasic and water-free conditions:

- 18 immobilized lipases
- 1 gram each
- covalently bound on polyacrylic beads (T2, 150 or 350 μm)
- instructions

*All Immozymes are produced by ChiralVision and available in bulk.*

**Product nr. IMMLIP-1800**

**Pricing kit:** 950 euro / each\*
